BRAZIL HURRIEDLY PREPARES TO ENTER THE WAR ITALIANS CONTINUE THEIR BIG AUSTRIAN GAINS

Stagnation in Fighting on British and French Fronts May Soon Be Broken.

Capture of German Guns by Britons Is Reported.

By Associated Press Dispatch.
While the only sphere of intensive military activity at present is on the Austro-Italian front, where General Cadorna is day by day pushing back the Austrian lines upon Triest, there are indications that the stagnation along the French and British fronts may soon be interrupted.
The sign that points most strongly to this impending change is the intense aerial activity taking place.
The British report of last night emphasized this in its account of twelve German machines destroyed and ten others driven out of control, while today, from the French front, it announces the bringing down of seven German airplanes in engagements and the serious damaging of five others.
For the present, however, the Allied country is being held close to its base.
The French made a minor thrust on their own account in the Verdun region today, where the activity is becoming more marked on both sides.
A small German post north of Vachonville was captured in this operation.

MEMORIAL DAY, 1917 BOYS OF '61 AND BOYS OF '17

AUSTRIAN PRISONERS

Today's report from the Italian War Office announces the capture of 28,000 Austrians since the beginning of the offensive on May 14, together with 36 guns, of which 13 were of the heaviest caliber.
Berlin has a most interesting sentence in its official report of today. There has been an increase in activity along the eastern front, it declares, adding, "Russo-Roumanian attacks are expected."
Whether the persuasions of Minister of War Kerensky have stimulated the Russian armies to activity that will mean an offensive of force enough to make its effect felt on the other war theaters remains to be developed.
So far as the Roumanians are concerned, their armies are reported to have been reorganized after their reverses of last fall and may now be in shape to take the aggressive again.

ANDRASSY IS NAMED PREMIER

Former Opponent of Tisza Chosen as His Successor.

(By American Press)
Zurich, Switzerland, via London, May 29.—An official telegram from Budapest says that Emperor Charles has appointed Count Julius Andrássy Premier of Hungary.

OPPOSED TISZA

There has been a vacancy in the Hungarian premiership since May 23, when Count Tisza, Austria-Hungary's "Iron Man," resigned his post.
Differences with the Throne over franchise reform measures were assigned as a reason for the resignation.
Count Tisza's proposals were understood to be narrower in scope than those which the Monarch favored.
Count Andrássy, a former Premier, and for a long time one of the most prominent leaders of the opposition to Count Tisza's ministry, is regarded as a liberal of the advanced type.
The Volkszeitung of Cologne says official confirmation of the report of Count Andrássy's appointment is lacking.

NORWEGIAN BOAT SUNK

Christiansand, Norway, via London, May 29.—(Associated Press Cable.)—The Norwegian steamer Norway, 1477 tons, was sunk by gun fire on Saturday, while on her way to her home port. The crew was rescued by a passing steamer.

BIG SHIFT IN WAR TAX PROPOSALS

By Associated Press Dispatch.
Washington, May 29.—Another fundamental change in the war tax bill was agreed upon unanimously today by the Senate Finance Committee, which decided to strike out the whole section levying \$200,000,000 by a general tariff increase of ten per cent on an ad valorem basis.
As a substitute, the committee proposes direct excise or consumption taxes on sugar, tea, coffee and cocoa.

SOME CHANGES

The committee's action on the tariff section is to leave the tariff law as it now stands. Reductions in the House taxes on soft drinks also were decided upon.
For the ten per cent house tax on syrups used in soft drinks, the committee tentatively decided to substitute a smaller specific tax, based upon gallons of syrup.

EXPLORERS ARE SAFE

By Associated Press Dispatch.
New York, May 29.—Donald MacMillan, the explorer, and other members of the Crocker Land expedition which went into the Arctic in 1913 are safe at Etah, on the northwest coast of Greenland, according to a cablegram received today by the American Museum of Natural History.
The cablegram announcing the whereabouts of the party, last heard from in July, 1916, was signed by Dr. H. J. Hunt, surgeon of the expedition, who has reached the Faroe Islands on his way to Denmark.

MACHINISTS AT NEWPORT NEWS ON A STRIKE

By Associated Press Dispatch.
Newport News, Va., May 29.—About 400 union machinists at the Newport News Shipbuilding and Dry Dock Company's yard here went on a strike today for an increase in wages, which the company declined to grant summarily without investigation. Other workmen at the plant remained.
Two battle cruisers, two dreadnaughts and six destroyers have been allotted to the yard as part of the new naval program.
How much the navy will be embarrassed by the strike remains to be determined.

HOSPITAL SHIP SENT DOWN

London, May 29.—(Associated Press Dispatch.)—The British hospital ship Dover Castle has been torpedoed and sunk, it is announced officially.
The British armed merchant cruiser Hilary, also, has been torpedoed and sunk, and a British destroyer has been sunk after a collision.
The Dover Castle, 8,271 tons gross and 476 feet long, was owned by the Union Castle Mail Steamship Company of London. She was built in 1904. The Hilary is a Booth line steamship of 6,329 tons gross, 418 feet long, built in 1908.

ENDEAVOR TO SUBDUDE MAD RIOTERS

By Associated Press Dispatch.
East St. Louis, Mo., May 29.—To prevent further rioting against negroes in this city such as last night caused a number of broken heads and terrorized the colored population, Governor Lowden today ordered four companies of Illinois National Guardsmen to the scene of the trouble.
The rioting followed agitation against the ingress of thousands of Southern negroes seeking work in East St. Louis factories.
The mob that went through the streets early this morning, dragging negroes from street cars and beating them, had disappeared by daylight, and as the day wore on there was no sign of renewed trouble.
A review of the results of the riot showed that two negroes were shot and nine were beaten so severely that they were taken to hospitals.

SOCIALISTS OF FRANCE JOIN RUSS

(Associated Press Cable.)
Paris, May 29.—The decision of the French Socialist Party to associate itself with the Russian Socialists, who have called for a plenary conference of the international Socialist organization, has been formally communicated to the Council of Workmen's and Soldiers' Deputies in Petrograd.
Dispatches reaching yesterday's meeting of the Socialists, at which the decision was reached to co-operate with the proposed international conference, said that the French Party had decided also to send a delegation to Stockholm, to take part in the preliminary conferences.

WOOSTER RACES

By Associated Press Dispatch.
Wooster, Ohio, May 29.—The first trotting horse racing meet of the year opened here today and will last three days. Owing to heavy rains, the track was heavy.
There are about 100 horses here for the meet. The 2:13 pace, with nine entries, is the feature of today's card.

MEMORIAL DAY IS NOT ONLY AN AMERICAN HOLIDAY THIS YEAR

Dignified plans were made in London to make the American Memorial day, May 30, a general memorial day throughout the allied countries of the world.

Consul Robert P. Skinner forwarded to President Wilson such a proposal, together with definite plans for making the idea a reality.
The suggestion first came from Lieutenant Colonel Bullock, who asked President Wilson to take the initiative in formally inviting all the allied countries to join.
Consul Skinner evinced much enthusiasm in backing up the movement, and May 30 will be a day of mourning in many places in the countries fighting for liberty and democracy.

Flags of all countries bound together in the common fight against despotism and autocracy will be placed on the graves and burial pits of all the martyrs in the world war for democracy.

YEATER NAMED AS GOVERNOR OF PHILIPPINES

By Associated Press Dispatch.
Washington, May 29.—Charles E. Yeater, of Missouri, was today nominated to be Vice Governor of the Philippine Islands.
Thomas A. Street, of Alabama and George A. Malcolm, of Michigan, were nominated to be Associate Justices of the Supreme Court of the Philippine Islands.

Seizure of German Ships and Adoption of Naval Measures Recommended.

People Incensed Over Germany's Piratical Course.

(Associated Press Cable.)
Rio Janeiro, Brazil, May 29.—Seizure of German ships and adoption of naval measures against Germany, in collaboration with the Entente Allies, is recommended by the Diplomatic Mission of the Chamber of Deputies, to which was referred the message of President Braz regarding the torpedoing of the Brazilian steamship Tijuca.

The commission decided to submit to Congress a bill authorizing the President to utilize German ships in Brazilian ports, to provide for defense of Brazilian navigation, to reach an understanding with the Allied nations in regard to measures which will assure the freedom of foreign commerce, and to revoke the decrees of neutrality issued during the war as soon as advisable.

It is probable that the bill, passed by the Chamber on first reading yesterday, for revocation of the neutrality decree in the war between Germany and the United States will be named amended so as to provide also for the cancellation of the decrees of neutrality in the war between the Central Empires and the European Allies.

SECRETARY OF LEGATION QUILTS PLACE

Stirring Statement Made.

By Associated Press Dispatch.
Washington, May 29.—S. X. Constantini, First Secretary of the Greek Legation here, today presented his papers of resignation to the State Department and announced his allegiance to the forces of Former Premier Venizelos.

His action, because of his long connection with the Greek Foreign Office, gave the diplomatic corps a shock.
The First Secretary declared that he had been discontented with being connected with King Constantine's government ever since the United States declared war.
"As I see it," he said, "it is the duty of every humane and honest man to arraign himself on the side of America and the Entente."
"The whole terrible situation has narrowed down to a simple question of humanity and civilization against German barbarity of a type almost beyond human belief."
"When a nation of people calling themselves civilized human beings begin to sink hospital ships and murder women and children, it is time for all decent men to turn their faces away."

LEGISLATION TO PREVENT FOOD STORAGE

By Associated Press Dispatch.
Washington, May 29.—Immediate consideration of legislation to prevent undue storage of food by dealers was directed today by the Senate Agricultural Committee.
It substituted the Lever food bill, passed yesterday by the House, providing for a food census and production stimulation for a similar bill the Senate has been considering, and added an amendment by Senator Poinsett of Washington to penalize the storage of foodstuffs, fuel and other necessities with intention to limit supplies or enhance prices.

UNION BOARD TO MANDAMUS CO. BOARD, IS LATEST

Union Township Board of Education instructs attorneys to proceed against county board to prevent annexation of territory to Marion and Jasper Townships.

A new and unexpected turn in the school affairs of Union township was taken as a session of the Union Township Board of Education Monday afternoon, when that board instructed Prosecutor H. M. Rankin and Attorney Tom S. Maddox to take the necessary legal proceedings in an effort to prevent Oak Grove school being annexed to Marion township school district and to prevent the annexation of the Siebern, Henkle and Coll schools to Jasper township.

The action of the Union township board follows the action of the county board at the Saturday night meeting, in making a transfer of Oak Grove school to Marion township.

The three districts transferred or annexed to Jasper township were annexed after the election had been called to vote on centralizing Union township, it is declared, and the signatures were obtained under misrepresentation, it is further declared. It seems that the statement was made to taxpayers in the districts that unless they were annexed to the Jasper district, or Selden district as it is now called, they would be annexed to Washington and a heavy tax imposed.

With the determination to have the matter settled by the courts, it is possible that neither Marion, Union or the Selden districts will be centralized this year.

INITIATORY PLAY OF FEATURE SERIES

That Washington people appreciate both the big film productions and Manager Jamison's ambition in bringing them here was shown in crowded houses at the Colonial Monday night. No more attractive offering could have been chosen for the initiatory photoplay of this special series booked for the first two nights a week through June. The highly entertaining story of "Skinner's Dress Suit," having in it the punch of real human interest, was produced in a perfect film version, which held the audience as spell bound as if a real drama.

It is a clean, wholesome play, quite out of the ordinary and the miracle of Skinner's success, brought about by the sublime confidence and affection of "Honey," the pretty little wife,

keeps the audience on the qui vive with interest.

Bryant Washburn, one of the most popular of film stars, has never been seen to better advantage than in this play.

The photoplay will be shown for the last time tonight.

EMPLOYMENT BUREAU IS MAKING PROGRESS

Steady progress in "taking up the slack" in the field of labor, is being made by the Fayette-Clinton Bureau in this city.

The demand for labor is not exceeding the number of applications at the present time, it is announced.

On Decoration day the bureau will be closed at nine a. m., and on June 5th, Registration day, the bureau will be closed all day.

Mr. B. F. Toops, head of the bureau, is making every effort to supply all demands made upon the bureau, and is making frequent trips to various parts of the district in an effort to give closer attention to the work.

COMMITTEE MEETS GOVERNOR TODAY

Rev. Wm. B. Gage was summoned to Columbus Tuesday morning, as a member of the Food Conservation Committee recently appointed at a conference in Cincinnati, to meet Governor Cox for a conference.

Rev. Gage was named a member of the committee which will take action toward proper conservation of food and also deal with the labor problem with a view to proper distribution of labor.

TO GIVE ADDRESS AT WEST UNION

Hon. Frank C. Parrett, Fayette county's representative in the Ohio General Assembly, has accepted an invitation to deliver the memorial address at West Union, county seat of Adams county, Wednesday, and will motor to that city Wednesday morning delivering the address in the afternoon.

TO HOLD MEETINGS

There will be three days assembly meetings of the Church of God at Bloomingburg to begin Friday, June 1 at 7:30 p. m. All lovers of truth are cordially invited to attend.

Services will be conducted by Brother George Lorton of Springfield and Brother R. H. Craig of Rockvale, Tenn. Basket dinner and all day services on Sunday.

W. R. C. KENSINGTON
The Woman's Relief Corps will hold a Kensington at the home of Mrs. Clara Harper on North St., Friday afternoon, June 1st.

BROWNELL SELLS BABY CHICKENS TEN CENTS EACH.

DONATIONS TO THE RED CROSS WORK

That the Chautauqua will this year render definite service in more ways than one is evidenced by the announcement which has just been made by the Colt-Alber Chautauqua Company in a letter addressed to the Secretary of the local Association, Mr. H. R. Rodecker.

The company advises that on the opening day of the Chautauqua all single admission receipts above the sum of \$21.00, which simply pays the local expenses of the superintendent and crew for that day, will be donated to our local Red Cross workers. Practically all of the items entering into the financing of the Chautauqua have advanced in cost since the Chautauqua contract was made. Advertising has almost doubled and in many other ways, additions have been made to the cost of the event, and this liberal concession, in view of all these added costs, indicates that the Colt-Alber Company is doing its full share in meeting the extraordinary demands of the present day. That this offer will be gladly accepted by our people goes without saying, and we believe that it should result in a large opening attendance.

The amount specified is fixing the maximum of receipts which will go to the Chautauqua Company is probably less than the average single admission receipts for the opening day of the Chautauqua, so that our people are offered the first day's program practically free of charge, almost the entire amount paid for admissions going to the Red Cross Work.

MRS. HOWARD C. GRIFFIS
MRS. FRANK L. STUTSON
Local Members of the Red Cross.

HARD IS MAKING ENVIABLE RECORD

Deputy State Fish and Game Warden Frank Hard of this city, is taking his place among the wardens of Ohio as one of the best in the state, and his services are very much in demand in this and adjoining counties.

Fearless in the discharge of his duties and clever in his work of ferreting out illegal fishermen and hunters, he rarely fails in getting his man and in making a case against him. Tuesday morning Deputy Hard went to Chillicothe to prosecute 12 alleged illegal fishermen he had been instrumental in rounding up in Ross county during the past few days.

The number of offenders in Ross county has been very large, according to reports from that community, and it is the intention of the state authorities to break up the practice.

B. & O. NOW USING NEW TELEPHONES

The B. & O. is now using the new telephone system for train dispatching between Columbus and Midland City, and finds the work highly satisfactory in every way, with the exception that a storm is more severe on the telephone system than the telegraph.

Within a short time the phone will be used on the Portsmouth division of the road.

MAKING HEADWAY ON BRICK WALLS

Brick layers are making good headway on the brick walls of the Dahl-Campbell building, and the front walls are now well up on the second story and within the next two weeks virtually all of the brick laying will be completed.

The brick being used are wire cut, of a reddish brown, and virtually indestructible.

SOUVENIRS TOMORROW

With every purchase tomorrow, Decoration Day, we will give a Patriotic Souvenir. Hughey's Confectionery.

There will be no issue of The Herald tomorrow, Wednesday, Memorial day.

BUSINESS MEN OF CITY BACK SALE OF LIBERTY BONDS

Washington business men are back of the Liberty Loan Bonds "with both feet." This is a result of a meeting of the men held Monday night, and some 25 attended and discussed the sale of the bonds at some length.

The character of the investment was not touched, as every business man present knew that the investment is as "good as gold" and a gilt edged one. A great many of them already have purchased liberally of the bonds and will buy still more.

At the meeting Monday night the following executive committee was named: D. S. Craig, chairman; H. G. Coffman, Jess W. Smith, Ed Fite, M. E. Hitchcock, Renick Boggs, Elmer Junk, Roy Young, O. W. Brown, Jas. Ford, Henry Brownell and Earl Barnett.

At a meeting of the committee with the bankers Tuesday morning a committee of three was named to make plans and work in conjunction with the bankers' committee. This committee is composed of D. S. Craig, O. W. Brown and Earl Barnett.

Bankers reported many orders for the bonds and that citizens in general are becoming aroused to the importance of investing in the bonds.

RURAL CARRIER EXAM.

The United States Civil Service Commission has announced an examination for the county of Fayette, Ohio, to be held at Washington Court House on June 23, 1917, to fill the position for rural carrier at Washington Court House, and vacancies that may later occur on rural routes from other post offices in the above mentioned county.

The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

ASSAULT CASE TO BE HEARD TODAY

At four o'clock this evening in Mayor Oster's Court an assault case from Staunton, will be heard.

The case grows out of an alleged assault made on William Newland by Nathan Allison, Monday of this week. Both men are well known in the Staunton neighborhood.

TOWEL ENLISTS AT GREENFIELD

With the enlistment of Dave Towel, of Frankfort, in the Greenfield Company of National Guards, the Washington Athletics will lose their promising catcher.

Towel's place will be filled from a number of available men.

BANK EXAMINERS VISITING BANKS

Bank Examiners Lucas and Tatman arrived in the city Monday for the purpose of making the usual examination of the various banking institutions and proceeded at once with their work.

CEMETERY TO BE CLOSED TO RIGS

The gates of the Washington Cemetery will be closed at one o'clock, tomorrow afternoon, and parking space for automobiles and other vehicles will be found immediately east of the cemetery.

CRAIG BROS

BETTY M'ROY IS CLEVELAND MASCOT

Little Betty McRoy, daughter of Mr. and Mrs. Jack McRoy, of this city, who has been spending the winter with her aunt, Mrs. James C. Dunn, in Chicago, is now figuring as the mascot of the Cleveland ball club. The following article from one of the Cleveland papers will be read with much interest by the many Washington friends of this winning little maiden:

James C. Dunn, proxy of the Cleveland ball club and known as "Sunny Jim" because of his beaming smile, is about to have some of his laurels taken away from him. And by no other personage than his five-year-old niece, little Betty McRoy, of Washington Court House, O., who spends about one-half of her time with her uncle and aunt in Cleveland.

Miss Betty accompanied Mr. and Mrs. Dunn to Cleveland from Chicago for the "Speaker day" game. She overheard some one remark to Uncle Jim that "he wasn't a very good mascot" so she came to his rescue and said: "Let me be the mascot, Uncle Jim, and they'll always win." And Sunny Jim's famous smile was reflected in the little one's face.

Inasmuch as President Dunn was forced to depart for Chicago and Indianapolis on business Wednesday night he informed Betty that she could be the official mascot of the Indians until his return. He also said to her: "Be sure and bat 1,000 in the mascot league," and she smiled again and told him she would do her best.

Judging by the manner in which the Indians beat the Red Sox Thursday and the fact that the Athletics start a series here Friday, Miss Betty has a chance to "bat 1,000" in the Mascot League until Uncle Jim returns.

Miss McRoy is as sweet as she can be. She's a little roly poly miss, weighing forty-one pounds, she would have us understand, and she's just as bright as she is pretty."

Poetry For Today

TAKE THE LOAN.

Come, freemen of the land,
 Come meet the great demand,
 True heart and open hand,
 Take the loan!
 For the hopes the prophets saw,
 For the swords your brothers draw,
 For liberty and law
 Take the loan!

Ye ladies of the land,
 As ye love the gallant band,
 Who have drawn a soldier's brand,
 Take the loan!
 Who would bring them what she could
 Who would give the soldier food,
 Who would stanch her brothers' blood
 Take the loan!

All who saw her hosts pass by,
 All who joined the parting cry,
 When we bade them do or die,
 Take the loan!
 As ye wished their triumph then,
 As ye hope to meet again,
 And to meet their gaze as men,
 Take the loan!

Who could pass the great appeal
 Of our ranks of serried steel,
 Put your shoulders to the wheel,
 Take the loan!
 That our prayers in truth may rise,
 Which we press with streaming eyes
 On the Lord of earth and skies,
 Take the loan!

—Edward Everett Hale.
 (Written in May, 1861, at the outbreak of the Civil war.)

 Mrs. W. E. Smith and son Forest visited friends in Milledgeville Tuesday.
 LOST—French Poodle, long hair, feet and face clipped. Answers to name "Major." Reward, Mrs. Lewis White, Automatic 6751.
 Mr. and Mrs. Harry Flee are over from Hillsboro for the day.
 Mrs. Herbert Brownell left Tuesday for Clyde, O., to visit her parents, Mr. and Mrs. Huntley.
 Mr. and Mrs. John Steel of Columbus are spending the week with Mrs. Steele's parents, Mr. and Mrs. John Tillet.
 Miss Margaret Tilton is spending Decoration Day at her home in New Vienna.
 Mr. H. Thompson, of Chillicothe, visited his sister, Miss Elizabeth Thompson.
 Mr. Nye Gregg is in Salem Columbus County, on legal business for a few days.
 Josephine Bayless, of Salem is visiting Helen, Mary and Jane Durant.
 Mr. and Mrs. Eli Craig, Mr. and Mrs. Williams Craig and Mr. T. H. Craig attended the funeral of Mrs. Jerdina Pavey in Sabina Tuesday.
 Mrs. D. W. Martin and daughter Frances came over from Dayton Tuesday to visit Mr. Martin.
 Mr. Wm. M. Campbell made a business trip to Chicago the first of the week.

ONLY ONE VETERAN OF INDIAN WARS

By Associated Press Dispatch. George Schram of South Fifth street, former captain of the Hamilton police force, perhaps will be the only local beneficiary of the law passed by Congress April 4 giving a pension for veterans of the Indian wars.
 Captain Schram served under General Nelson A. Miles as a member of Company D, fifth United States Infantry and was in the southwest during 1874 and 1875, and later fought Indians in Montana following the massacre of General Custer and his band. When discharged from the regular army in 1879, Captain Schram was first sergeant of his company.

When Will War End?

Perhaps there is no question men and women ask each other and ask themselves oftener than how long will the war last.

If we could be even assured that the line up of the contending nations would remain the same for any definite period we would have, at least, the basis for a starting point for our journey into the realms of speculation. But we haven't even that assurance.

Russia, at the present time, is out of the war as an aggressive fighting force. Austria too, on the other hand, under the new king, according to most reliable reports, is tired of the war and anxious to make a separate peace.

The new party in Russia willing for peace without annexation or indemnity, willing to forget the dream of centuries, the possession of the Dardanelles, may enter into a peace pact with Austria and the Balkan states. Such developments would both strengthen and weaken Germany, granting of course that it was possible for Russia and Austria to maintain an honest and a strict neutrality. The loss which Germany would sustain in man power would be compensated for in the gain of supplies and the shortening of the battle front. It would enable the Kaiser to prolong the inevitable day when abdication must come. That development would mean a longer war and a greater burden on America.

If on the other hand Russian and Austria and the Balkan states maintain their present alignment and the British and French maintain their advances in France then the final crash does not seem to be far off and the war may end before winter.

There is one other hope and that is that just when they seem blackest and most turbulent, the clouds of war may roll away and the bright light of peace shine forth upon a broken and ruined world.

After all it is not so much the opinion of men which counts as hope and faith.

Congress

In these times of extraordinary happenings when the world is so filled with important events, when so much is expected of the people of the United States, when proposals of such unheard of, undreamed of magnitude are urged with a demand for immediate action, Congress is assuredly receiving abundant criticism and more than criticism too, for its delays. The people are impatient that Congress doesn't move faster, does not enact into law each separate item in the tremendous program of war. The people, a great many of them, are now in feverish haste.

We must remember that this is a democracy not an autocracy and that this is a great big country of a hundred million people and they have different ideas in different sections about how some of the big proposals should be gotten into working law.

All are patriotic, all want our nation to do its part, all are for the nation but there are different and conflicting ideas about just how to proceed and Congress, representing all the people, is the clearing house where all these conflicting ideas must be worked out.

We are raising the biggest army ever raised in the history of the country, raising more money than any other nation ever dreamed of raising before, undertaking to regulate the price of and control the supply of foodstuffs and at the same time preserve the rights of the people from too much governmental restriction.

Congress has had and has yet tremendous problems—new problems—to deal with under sacred governmental ideals which must be preserved.

Let's not be too harsh in our criticism of Congress.

The Storms

The storms of the past few days, in the area covered and in the extent of their destruction, stand unequalled in the history of the country.

Never has this part of the world been visited by such violent storms, never has the loss of life and the destruction of property been greater than that which the trail of the great wind lightning and hail storms which swept over the Mississippi valley Saturday and Sunday revealed.

The cool rainy weather of May which halted the planting has proven after all not to have entailed so great a loss upon the agricultural communities as it was supposed it would.

The wheat which emerged from the winter in poor condition giving little or no promise has been wonderfully benefited by the weather condition so trying to human beings and which so retarded the work of planting.

But for the violent storms which have exacted such an awful toll in life and property unusual weather conditions of May might soon have been forgotten in the joy of surprising benefit to crops.

But the violent storms have served to fix May 1917 in our memory as the month of unusual weather conditions.

The Story of a Girl Who Could Not Tell The Truth

Matinee 2:30. Admission 15c

In Social Circles

A very appreciative audience heard the special program given by the Junior Cecilians at the Federated club rooms Monday night at 8 o'clock.

The program was devoted entirely to nature and proved especially enjoyable in contrast with the unpleasant weather. Nature was portrayed in every form: in the garb of spring with its birds and flowers; then the balmy days of June with their drowsy peace and content; in the fleeting of gay butterflies, in the croaking of frogs and finally majestic nature with the rolling of mighty sea waves and the calm beauty of the rising and setting sun.

Ten members of the club presented the program, performing their numbers splendidly. Many of the compositions demanded true artistic interpretation and the ability of the young girls in mastering them elicited much praise.

At the conclusion of the program the president, Miss Margaret McDonald, thanked the Cecilians for the interest they had manifested in the club work especially their president, Miss Edith Gardner, the supervisors, Misses Minnie Light and Mazie Kessler, and also Mrs. David Craig, for the interesting reading which she recently gave the Juniors.

Monday night's program concludes the Juniors' musical work until fall and Miss Gardner invited and urged the girls to assist the Federated clubs in the work they have undertaken in knitting and sewing for the soldiers and sailors.

The following numbers composed the program:

Duet—BarcarolleNevin
Misses Marion and Margaret Christopher.

The reception and banquet, Friday

evening, given by the Jeffersonville

high school alumni association to the

graduating class was the closing event

of a most happy commencement week.

The scene was one long to be re-

membered. Gathered in the Grange

Hall was a splendid throng of about

one hundred and fifty graduates of the

high school. Their bright and happy

faces, as each class gathered in cir-

cles and separate groups, offered a

positive inspiration to the class of

thirteen now pledged and ready to be

pushed out of the high school nest to

make way for the next class.

Miss Helen Fultz presided and in a

delightful little talk welcomed the

1917 class into the alumni ranks.

A pleasing program of music, rec-

itations, readings and song was then

rendered by members of the associa-

tion, after which a three course ban-

quet was served.

The greater part of the evening was

given over to social intercourse in

renewing old friendships and in mak-

ing new ones.

There were no deaths in the alumni

ranks the past year, but matrimony

had claimed eight of its members.

There are now two hundred eleven

graduates of the school. All of the

twenty-three classes were represented.

Renewed zeal for the high school

followed in the wake of the banquet.

A jelly cowl of the class of 1918

of the Jeffersonville High School en-

joyed an all day picnic at Clifton Fri-

day.

After viewing the Cliffs they went

to Snyder's Park, Springfield and

spent the evening boat-riding.

Those who enjoyed the day were

Misses Janice Wilson, Ala Zimmer-

man, Janie Jacobs, Lulu Moore,

Messrs. Marion Wilson, Alfred Mil-

burn, Leonard Williams and Charles

Davis.

Double interest is awakened by the

following announcement from the

society columns of the Ohio State

Journal:

Miss Alice Looftborrow, Washing-

ton C. H., and Mr. Hoyt Graham,

brother of the bride-elect, who are

themselves engaged to be married,

will be attendants this afternoon, at

the marriage of Miss Ellen Graham

and Mr. Alfred Havighurst, which

takes place at 4 o'clock at the home

of the bride's parents, Mr. and Mrs.

John Milton Graham, Clarksburg.

Rev. Dr. C. R. Havighurst, pastor

of First M. E. Church of this city and

father of the bridegroom, will officiate.

Seventy-five relatives and friends

will be present. The bride will wear

a robe of white satin, with white

tulle veil. A tiny flower girl will

scatter blossoms before her in the path-

way to the altar, which will be built

of flowers and asparagus ferns.

After a short trip Mr. and Mrs.

Havighurst will be at home at 132

Hartshorn Avenue, Cleveland.

The announcement of Miss Looft-

borrow's engagement will call forth

good wishes galore from her many

friends.

She is one of the prettiest of Wash-

ington's younger girls and as bright

as she is pretty having filled the pos-

tion of assistant librarian for the

past two years.

Miss Ellen Graham, the bride of

today, frequently visited Miss Looft-

borrow and is well known here.

Mrs. Jacob Elliott delightfully en-

tertained the Tuesday Kensington

Club this afternoon.

Clusters of spring flowers decked

the rooms and a delicious collation

was served.

Mrs. R. T. McClure extended the

hospitality of her home to the Mon-

day Auction Bridge Club.

Handsomely engraved invitations

went out today bearing the following

inscription:

Mrs. Mollie J. Hammer requests

the honor of your presence at the

marriage of her daughter, Georgiana

to Mr. Andrew J. Gessner of De-

troit, Mich., on Tuesday evening,

June the twelfth, nineteen hundred

and seventeen, at eight o'clock,

Washington C. H., Ohio.

The bride-elect, a bright and cap-

able young woman has held a position

in Detroit for some years, frequently

returning for a home visit. She

marries a produce merchant of Cleve-

land.

Mrs. Frank E. Haines will enter-

tain the Sugar Grove W. C. T. U. and

representatives of Good Hope, Staun-

ton and Washington Unions for a

"Mother's Day" meeting Thursday

afternoon.

Despite the inclement weather a

hundred and seventy attended the

alumni party of the New Holland

high school Monday night.

The hall was beautifully decorated

in the class colors, crimson and

white, and the evening one of great

pleasure and interest.

In charge of the alumni president,

Mrs. Daisy S. Johnson, a delightful

program was presented.

Miss Dorothy Bowdle, of the class

of '16 gave the address of welcome;

Miss Florence Stravey, of the class of

'17 made the response.

The class prophecy was given by

Miss Lena Anderson.

"Our School of Yesterday" was pre-

sented by Miss Grace M. Gooley, of

the class of '92 and Principal B. O.

Graham substituted for Mr. Hoyt

Graham "Our Tomorrow." A splendid

alumni paper was given by S. O. Dick,

of the class of '10.

Refreshments were served and the

social hour prolonged.

The alumni officers are: president,

Mrs. Johnson; vice president, Addie

Gooley; secretary, Miss Dorothy Bow-

dle; treasurer, Miss Mazie Christie.

The second of the May Recitals

given by Miss Light's pupils was well

given to an appreciative audience at

the high school auditorium Monday

afternoon.

The pupils are doing excellent work

and many of them played without

music. A number displayed talent above

the average and understanding inter-

pretation.

Taking part in the program were

Laura Brownell, Martha Porter, Nel-

lie Louise Taylor, Marjorie Kiever,

Mary Brown, Augustin McDonald, Vir-

ginia Hays, Elizabeth Brownell, Ray-

mond Geiger, Portia Brownell, Flor-

ence Schadel, Jeanette Haver, Dor-

othy Briggs, Ralph Marchant, Thelma

Marchant, Laura Brownell, Mary

Brownell, Martha Porter, Margaret

Christopher, Marcella Griffith.

Two beautiful duets, one by Laura

Brownell and Martha Porter; the other

by Thelma and Ralph Marchant,

opened and closed the program.

Tonight is the closing concert of

the series.

PERSONALS

Mr. and Mrs. Will Riddle and daughter Hildreth Snyder, of London, are spending Decoration Day with Mr. Charles McLean and family. Hildreth will remain for a visit with her cousin, Katharine McLean.

Mrs. R. R. Kibler, daughter Maxine, and niece Virginia Evans, left Tuesday for Coalton, to visit Mrs. Kibler's father, Mr. Milton Glenn.

Mrs. Frank Jackson and daughters Helen Louise and Judith Ann, returned Monday night from a visit in Cincinnati.

Mr. and Mrs. Frank Jones and little son Billy left Wednesday for a visit at their former home in Gallipolis.

Mrs. Ida Flint, children Naomi and

Cecil, are visiting her daughter Mrs. Wesley Grimm and family, at New Holland for the week.

Many friends in town and county are glad to learn that Mr. Clark Post, who has been taking special medical treatment in Cincinnati, is improving. Mrs. Post is with her husband.

Mr. Joseph H. Donnell was a business visitor in Columbus Monday.

Mrs. Wm. McClain and Miss Corda McCafferty spent Tuesday in Columbus.

Mr. H. W. Wilson was a business

visitor in Columbus Monday.

Mr. and Mrs. J. S. Cockerill are

visiting Mr. and Mrs. J. W. Cockerill

near New Martinsburg.

Mrs. Arthur Miller of Dayton is

visiting her parents, Mr. and Mrs. J.

E. Fultz, and sister, Mrs. Virgil Post,

on the Creek road.

County School Supt. O. Nelson, was

in Columbus Monday on business.

Mr. and Mrs. Mark Mechlin and

Mrs. S. D. Morgan of Columbus will

be Decoration Day guests of Mr. and

Mrs. R. T. McClure.

Mr. Adam Beck was in Columbus

on business Tuesday.

Mrs. Hugh Conwell and daughter

left Monday for a three weeks' visit

in Hillsboro.

Mr. and Mrs. George Worrell, lit-

tle daughter Claribel, and Mrs. C. F.

Bonham motored to Cincinnati Tues-

day to spend Decoration Day with Mr.

and Mrs. Ralph C. Browne.

Mr. and Mrs. Edward Cluff and Mrs.

Edna Shriver Hanawalt and sister

Mrs. Mary Gitter and Mr. Thomas F.

Pyle, of Chillicothe attended the fu-

neral of Mr. Joshua Mahan last

Thursday afternoon.

Misses Ethel Pope and Ines Baughn

and Messrs. Walter Hutchison and

Charles Campbell motored to Sabina

Sunday and spent the day the guests

of Miss Pope's uncle, Mr. Charles

Pope and wife.

Miss Mable Pinkerton is home

from her school in Summerville, Ohio,

to spend the vacation with her par-

ents, Supt. and Mrs. T. S. Pinkerton.

Mr. Dudo Wolfe left Tuesday

for Port Royal, Va. where he enters

government service. His mother Mrs.

Wolfe, of Bowersville and brother of

Greenfield accompanied him to Cin-

cinnati, after visiting with him at the

home of Mrs. Anna Hicks.

Mr. and Mrs. Homer Gardner have

returned to their home in Columbus,

Ind., after a short visit with Mr.

Gardner's sister, Mrs. Bertha Crooks.

Miss Georgiana Hammer arrived

from Detroit, Mich., Monday night to

visit her mother, Mrs. Mollie J. Ham-

mer, Miss Wilma Hammer of Colum-

bus spent Sunday at her home.

Mrs. Z. T. Johnson has as her

guests over Decoration Day her

daughter, Mrs. Homer Dyer and

daughter, Juanita of Springfield.

Miss Loola H. Mallow is spending

Decoration Day with friends in Co-

lumbus.

Mr. Ernest Harvey was a visitor in

Cincinnati, Monday.

Miss Della Moore, who is attending

Ohio University at Athens came

home Friday evening for the Alumni

banquet at Jeffersonville and spent

the week end with her parents Mr.

and Mrs. Wm. C. Moore.

Miss Mary McKitterick, of Marys-

ville, has been the guest of Mrs.

GERMAN DROPPED FROM CURRICULUM BY SCHOOL BOARD

Spanish Is Decided Upon as More
Practical Than the Language
Spoken by Enemy to World
Liberty—Senior German Re-
tained for Year.

At a meeting of the Board of Education Monday night, the Board voted unanimously to drop German from the curriculum and to take up the study of Spanish.

This step was taken after careful consideration, and is one which it is believed will meet with public approval generally. Similar steps have been taken in countless numbers of schools in the United States.

It was voted to retain Senior German for the coming school year so that those who had taken the Junior German could complete their study of that language.

Adoption of the Spanish language is the result of the decision that in the near future the relations with South American countries will be of such a nature that the intercourse between this country and the South American republics will be so greatly developed that there will be an urgent need of a knowledge of Spanish, which is largely spoken by the South American countries.

PATRIOTIC BUTTONS FOR BOND BUYERS

Every purchaser of a Liberty Bond is to be given a button with proper inscription upon it, and these buttons will be in the hands of Fayette county bankers this week.

Orders for the bonds continue to pour in, many persons with only \$50 to place at interest making investment in a bond, while others with larger amounts are making investment in larger numbers of the bonds.

NO HERALD

TOMORROW, WEDNESDAY
MEMORIAL DAY

Leaders of Society Teaching Canning Methods to Housewives

SOCIETY WOMEN TEACH FOOD CONSERVATION

Touring Long Island is the Long Island food reserve train, the purpose of which is spreading the gospel of food conservation and giving lessons in the art of canning to crowds of housewives. The train is conducted by well known society women, two of whom, Mrs. Arthur Scott Burden and Mrs. William Laimbeer, are shown at the right in the accompanying picture.

Among those who visited the train was Ralph Peters, president of the Long Island railroad. "The women of Long Island are surely going to do their share in the work of conserving the nation's food supply," said Mr. Peters. "This is shown by the keen interest that nearly 2,000 women have taken in the lectures given by the battalion experts. Women of the large estates as well as farmers' wives have visited the train."

MEMOIR.

Joshua Mahan, son of Joshua and Sophia (Beck) Mahan, was born December 18, 1836 near Chillicothe, Ohio. His father, who was born near Richmond, Va., died when his son was eighteen months old. The mother again married Mr. McCoy and after four years death for the second time separated her from her companion.

Mr. Mahan and his mother moved to Fayette county, she making her home with him and his family until death.

September 13, 1859 he was united in marriage to Miss Margaretta Plyley daughter of Joseph and Mary A. Plyley. To them have been born a family of six children, three of whom, John, Carry, Hattie Jane and Mary Bell, preceded their father's call. Those remaining to this sad hour and who ministered to the wants of their father in his last affliction are Roscoe, Lee and Della May, who with the widow and mother live at the home farm and Spencer and his wife Laura who reside in the immediate neighborhood.

Mr. Mahan was one of the most conspicuous figures among the early agriculturists and stock raisers of the county, until a few years ago when he practically retired from active duties to enjoy the home and fruits of his labors. It was always a pleasure for one to be in his presence to enjoy the happiness imparted by his great social and kindly disposition which he maintained through intense suffering during his final sickness continuing almost fourteen weeks.

During this time he was always cheerful and ready to exchange pleasantries with his physician and others who came to see him.

Mr. Mahan never united with any church, but he and his family attended the Madison Mills Methodist Episcopal church and he always took a lively interest in its welfare, and contributed to its support.

The pastor of the church called frequently in the course of his last illness and Mr. Mahan talked freely with him in regard to his spiritual condition. He said that since the death of his son almost thirty years ago he had been trying to live a Christian life, and expressed regret that he

had not made an open confession of his faith in Christ. For a time he was troubled with some doubts regarding his acceptance with Christ, but toward the end expressed a quiet confidence which leads us to believe that he entered into a Christian experience and that his last days upon the earth were made radiant with the hope of immortal glory.

CARD OF THANKS.

We wish to thank our many friends, neighbors and relatives for the kindness and sympathy shown during the illness and death of our beloved father and husband, Joshua Mahan; also for the beautiful floral offerings, and Rev. J. G. Laughlin and Rev. T. C. Kerr for their words of comfort. Mother, Daughter and Sons.

WILMINGTON SCHOOL BOARD ALSO IS SHORT

Like the Board of Education in this and other cities, the Wilmington board finds that the increased cost of coal, higher salaries and higher costs generally have combined to work a serious hardship in the schools.

Concerning the situation in Wilmington the Wilmington News says: "Just like ordinary folks the Wilmington Board of Education is going to be hard hit by the increased price of coal for the coming winter. It is figured that the increase in cost of the coal needed to keep the four school buildings heated will be from \$1,250 to \$2,000, according to the price that may be obtained."

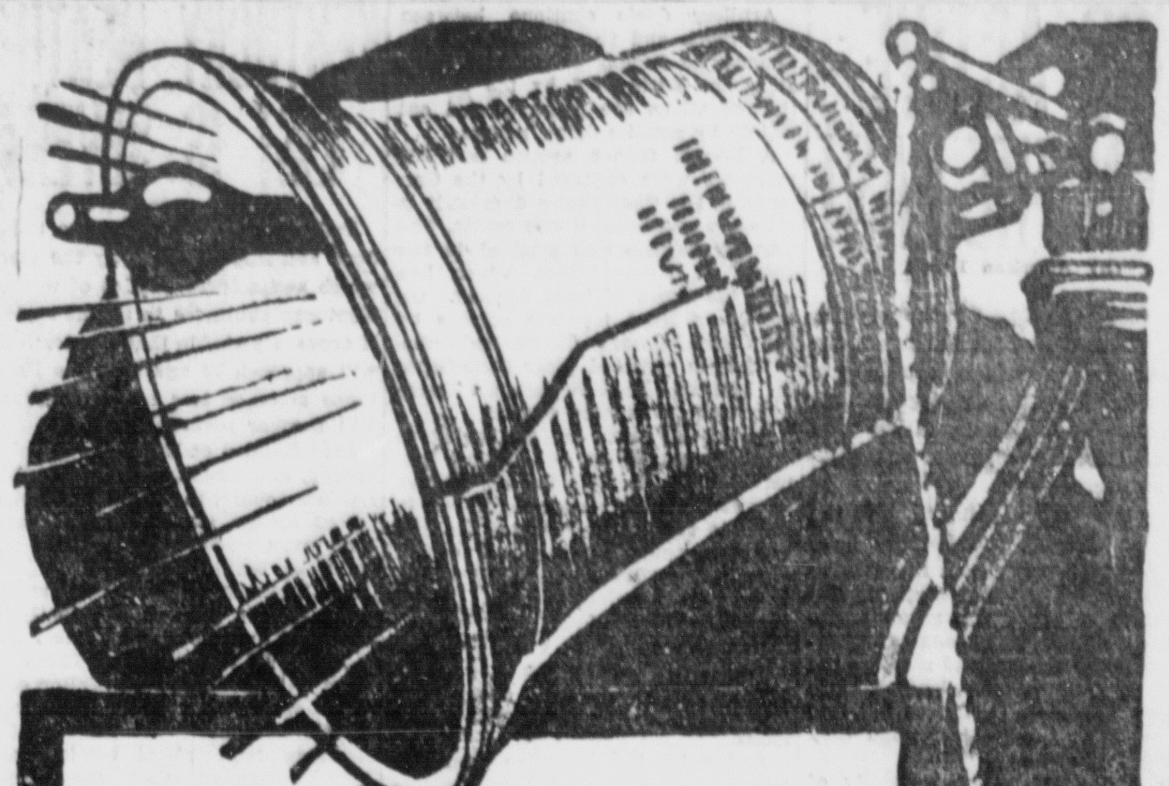

"The Wilmington Board has for years so managed its affairs that the District has not been thrown into debt, something few School Boards have done. Most of them have a floating debt, but the only thing hanging over this district is the cost of the new High School building, which is gradually being cut down each year as the bonds are taken up."

BROWNELL SELLS BABY CHICK-
ENS, TEN CENTS EACH.

There will be no issue of The Herald tomorrow, Wednesday, Memorial day.

BUY A LIBERTY BOND NOW.

THE P. J. BURKE MONUMENT CO. of this city has recently completed one of the largest and finest Monuments in the Jeffersonville Cemetery on the lot of Mr. Nathan Creamer, prominent farmer and banker of that locality, in memory of his son and daughter. This monument was selected from the large stock of monuments carried by this firm. It is of the sarcophagus design, composed of four pieces weighing fourteen tons columns protruding on each corner of die-cut solid and polished. The balance of the work being fine hammered. The entire monument being made from the famous Barre granite, quarried at Barre, Vt. All the work being finished at the Burke plant.

Hear the call of Liberty!

Shall freedom perish from the earth?

In this hour, in the greatest crisis of centuries, America is the hope of the world. Our nation—cradle of liberty, and now its last rock and refuge—is called upon, that mankind shall be free.

To each one of us comes the call. Shall we answer like men? Shall the embattled farmers of Concord and Lexington, or Appomattox and Gettysburg have died in vain? Or shall we, out of our abundance, cause the bells of Liberty to ring the world around.

Decide now. The Government asks for no gifts. But it will borrow your money (\$50 or more) and deliver to you

United States Liberty Bonds

paying you 3½ per cent interest (tax free). Backed by the never-broken faith and credit and by the entire resources of the United States, richest of all nations, these bonds are the world's safest investment.

Friend, let it not be said that you were deaf to mankind's dire need. If you love liberty and peace, don't go to bed tonight until you have seen your banker and ordered your Liberty bonds. Your banker will handle the order and give detailed information.

The Home Stretch

With Red Crown in the tank, your engine runs as smoothly on the home stretch as at the start.

Red Crown is uniform. Every gallon has the same punch. Every drop is full-powered.

For most miles per gallon, for the smoothest-pulling power—use Red Crown.

Polarine
OILS AND GREASES

are made in various consistencies for bearings, transmissions and cylinders.

Save wear on gears by using Polarine Transmission Lubricant. Quiets noisy gears.

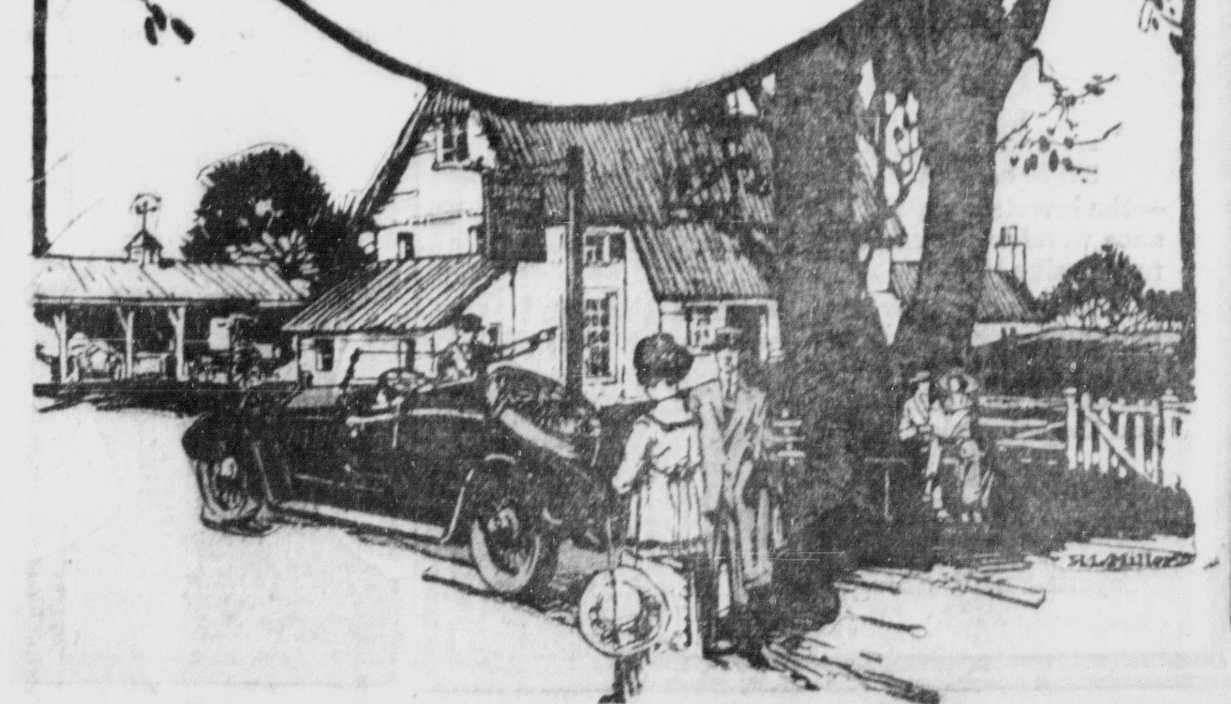

Use Polarine Cylinder Oil to prevent power leaks

To make sure that you are getting the best, specify Red Crown and Polarine by name.

Look for the signs, they insure a reliable dealer.

(An Ohio Corporation)

RUSS ACTIVE ON THE EAST

(By American Press)

London, May 29.—On the eastern front of the Russian artillery fire against the Austrians is increasing in intensity, probably presaging the awakening of the Russians from their lethargy and the approach of hostilities on a great scale.

On the Carso plateau, on the Gulf of Trieste, the Italians have smashed their way across the Timavo river and captured the village of San Giovanni, a scant two miles north-west of Domo, a fashionable watering resort on the railroad skirting the Gulf of Trieste and leading into Trieste. Nine six inch guns fell into the hands of the Italians when they captured the village.

To the north, in the vicinity of Jamiano, the Italians have captured fortified Austrian trenches, and along the Julian front have made further gains and constructed positions previously taken.

The Austrian war office asserts that Sunday's attacks by the Italians near Jamiano were repulsed, and that near Castagnievizza attempts at an advance by the Italians failed. It asserts also that the Italian casualties have been very heavy, the ground before the Austrian positions being covered with Italian dead. More than 13,000 Italians had been captured up to Sunday, says the statement, 7,000 of them having been made prisoners on the Carso.

Artillery duels continue between the French and the Germans in the Champagne region of France, while along the front held by the British the operations are being carried out mainly by small raiding parties.

A French trench section and 250 prisoners were captured by the Germans in the Champagne district, it is stated in an official Berlin report. The German success was attained in the sector of Moronvilliers, which has been the scene of hard fighting. On the Arras front frequent attacks by the British between Cherisy and Bullecourt were repulsed. Near Wytschaete in Belgium English attacks were withstood by counter actions.

British air men are continuing to operate extensively against the Germans on the front in France. Twelve German machines were destroyed in fights in the air Monday and ten others were sent to the ground out of control. Another machine fell victim to British anti-aircraft guns. Three British machines failed to return to their base. Dealing with Sunday's air fighting the German war office says German air men shot down twelve airplanes and two captive balloons.

Action by the Brazilian congress which would place Brazil on the side of the other powers fighting against the Germans is still awaited. Meanwhile the situation in Spain with regard to Germany's acts toward that country continues to grow in intensity.

KENTUCKY DEATH LIST IS SEVENTY

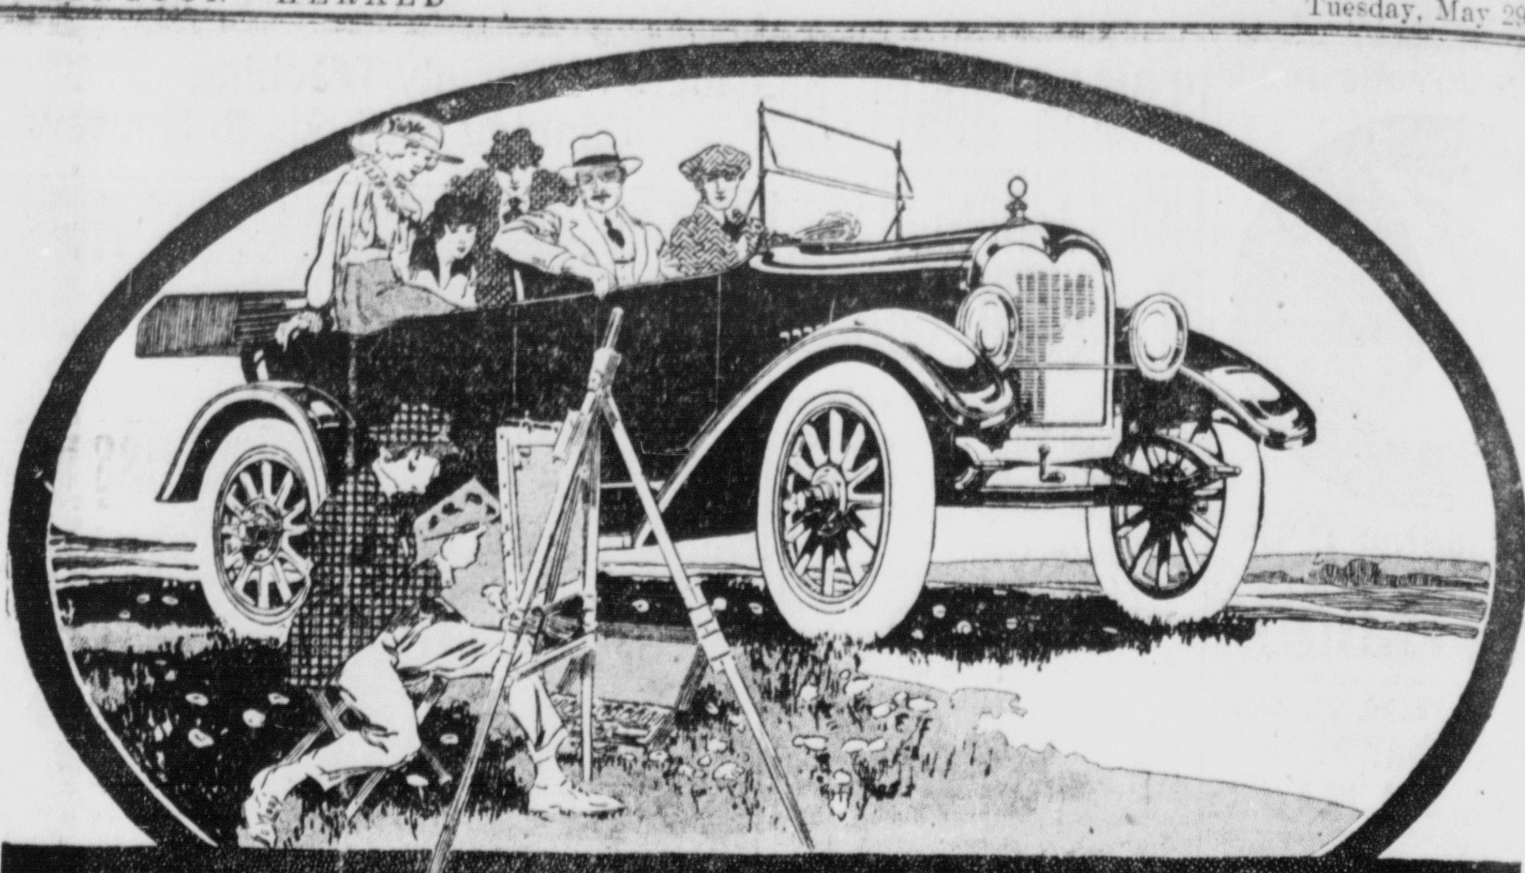

(By American Press)

Paducah, Ky., May 29.—The toll of dead and injured taken by the storm which swept four counties of western Kentucky continues to mount rapidly. It appears probable that the death list will approach 70 and that the list of those more or less seriously injured will number several hundred.

Investigation at Hickman, in Fulton county, and Clinton and Bardwell, in Carlisle county, the sections worst affected by the storm, revealed conditions even worse than had been indicated by earlier reports.

At Hickman a check of reports from various sources apparently established that the death list in Fulton county will exceed 40. These reports told of 42 deaths in Fulton county, of which 22 were of Bondurant, a small sawmill town. The list of injured is problematical, but it is carefully estimated that the number will approach 200. Twenty-two persons are in the hospital at Hickman, of whom 17 are expected to die. Thirty bodies have been brought to Hickman from outlying points to be prepared for burial.

Carlisle reported that 5 persons were killed there and that 12 others lost their lives at Cypress, a small nearby village. The list of injured in the two towns was estimated to be upwards of 40. At Bardwell, in Carlisle county, three persons are known to have been killed and 25 others more or less seriously injured. At Dublin, in Graves county, 5 persons were killed and 25 injured. Many isolated points in the stricken district are yet unheard from because of the destruction of virtually all lines of communication.

The Maxwell Is Mechanically Right We Waited Four Years To Say That

The makers of the Maxwell spent four years in developing the car. Patient, persistent, scientific refinement of one model—that was the method. An automobile that beats the world for endurance, efficiency, economy—that's the result.

You know the old story about the race between the hare and the tortoise:
—how the hare skipped about the fields—nibbled clover tops—cut all kinds of capers, trying to "show off";
—how the tortoise stuck to his job—stayed in the middle of the road—kept on going—and won the race;
—you know that story and its moral.

No Experiment in Maxwell Mechanism

Some automobile makers have run around after novelties—like the hare, trying to add untried "improvements" which operate better in advertising than on the car.

But the Maxwell makers held fast to one model, and when some one made a big how-de-do about his latest novelty, the Maxwell makers strengthened a pin, or simplified or improved a part of the Maxwell mechanism.

—or in other big and little ways developed, refined, perfected the one Maxwell model.

So that, in the end, the Maxwell won by the tortoise method.

The Maxwell World Endurance Champion

A Maxwell stock car—a duplicate in every detail of your Maxwell—without stopping the motor, traveled 22,022 miles in 44 days and nights.

—and at a rate of 25 miles an hour and 22 miles per gallon of gasoline.

No other vehicle built by human beings ever did anything to compare with that feat.

The Economy Champion Too

P. D. Armour used to say that his packing houses "utilized all the hog but the squeal."

That's the kind of economy you get in a Maxwell.

Mrs. Miriam Thayer Seeley, Professor at the Oregon Agricultural College, drove her Maxwell for 9,700 miles across the continent and back,
—over every conceivable kind of road, across the desert and over mountains,
—for \$8.19 a month, including gasoline, oil and repairs.

Thousands of Maxwell owners get hard daily service out of their cars at a cost of \$6 to \$8 a month.

That's pretty near what the college professors call "an irreducible minimum."

The Maxwell's Great Vital Organs

There's the frame—combining greatest strength with greatest flexibility.

There's the wonderful radiator, that does its work of cooling at any speed and all the time.

There's the world champion engine—rugged, simple, with power to spare.

There's the great wear-proof clutch, running in oil—the most efficient we know of—bar none.

There's the transmission—simple, trouble-proof—self-lubricating.

And, besides, the Maxwell is a handsome, comfortable, completely equipped car.

The Maxwell Is the Car You Want

The Maxwell at \$665 f. o. b. Detroit indeed is every man's car.

All we ask is a chance to show you the Maxwell. The car will prove every statement we've made. The Maxwell is mechanically right—and we know it.

POPULAR DEMAND FOR DEPARTMENTS

With announcement that because of lack of funds under present arrangements it would be necessary to drop the Domestic Science and Home Economics, Art, Music and Kindergarten departments from the public schools, a general demand has arisen in the city that some means be taken to retain all of these valuable departments.

It is realized that to drop the departments would be a serious backward step in the Washington schools, and the demand is to have the high standard maintained at any cost.

THIRTY-SEVEN SIGN FOR CADET COMPANY

Up to Tuesday morning the number of persons signing for the new Cadet Company in this city had reached 37, or within three of the number required for the company, and it is expected that by tomorrow night when the next meeting is held, the number will be well up in the forties.

The meeting tomorrow night will be held at the Y. M. C. A. at 7:30 and all who have signed the agreement or wish to do so, are expected to be present.

There will be no issue of The Herald tomorrow, Wednesday, Memorial day.

You can make those yellow clothes white with Red Cross Ball Blue. All grocers.

BROWNELL SELLS BABY CHICKENS TEN CENTS EACH

LANCASTER CAMP MEETING ARRANGED

The Superintendent of Program, Rev. C. E. Turley, of Columbus, and Business Manager, Prof. E. C. Dilger, of West Rushville, Ohio, co-operating, have just issued the year book of the Lancaster Assembly, Season of 1917. The book is very attractive and the program is unusually varied and strong.

The Rev. E. L. Waldorff, D. D., of Cleveland, Ohio, will be the evangelist. The season opens August 2 and closes August 19. Prof. W. H. Collier of Winona Lake and his fine chorus will strongly feature the entire season.

The personnel of talent announced includes Bishop W. F. Anderson, Bishop C. B. Mitchell and Prof. H. F. Hall.

The outstanding features of the season at Lancaster Camp are: The Ohio Conference Epworth League Institute, July 30 to August 5, the Camp Meeting, August 2 to 12 and the Assembly August 13 to 19 inclusive. The forty-four years this camp meeting has been in the van of all summer camps and the assembly this year, as heretofore, brings an array of talent scarcely equaled anywhere for the time covered.

For program and all information write Prof. E. C. Dilger, West Rushville, Ohio.
